SUMMARY

Junior full-stack developer with a strong background in Biochemistry and mathematics. My passion for learning how things work and solving complex problems makes me interested in solving business needs with clean and efficient code. Additionally, my experience with ecommerce product development allowed me to strengthen my skillset in web development and design.

EDUCATION

LIGHTHOUSE LAB Diploma Full-stack web development 2021	May 2021 - Aug. 2021
UNIVERSITY OF BRITISH COLUMBIA Master of Science Biochemistry 2016 GPA: 3.85	Sept. 2016 - Sept. 2019
UNIVERSITY OF BRITISH COLUMBIA Master of Science Forestry 2019 GPA: 3.95, Graduating With Honors	Sept. 2012 - May 2016
